In the Inner Soul, we must understand that we've been on many paths before, each with its own specific purpose - purposes which often are now leading into a completion, just as if going out and collecting the parts to a puzzle to bring them to one spot. Now all the pieces are before you. Find where they fit one with another. As such, you'll find that your Body and your Heart and, as such, the Mind as a servant of these, and all of these, as the vessel of your Spirit create this consummation of your True Self. So that which became separated now may become whole. - *Kuthumi*

(See Lillium Regis poem attached as another connection to Mother Mary)

The Ladybug heralds a time of luck in which our wishes begin to be fulfilled. Higher goals and new heights are now possible. Worries begin to dissipate. New happiness comes about. UNIVERSAL LAW OF UNITY - ANTAKARANA

Antakarana Symbol

This Tree Man comes speaking, "Why need there be a struggle within Unity? This Web of the Universe that is understood," he says, "tying Heart to Heart, Mind to Mind, Cell of everybody to others. Why then need there be a struggle against the Laws of God? Why need there be a struggle against this LOVE? It is the fear of the human being," he says. "It is the fear of reunion with Bliss. Quite an awkward anticipation to be scared of something so GOOD."

And so, release. Release those expectations of to be frightened. Release your expectations of being hurt. For GOOD truly reigns. GOOD is who you are and GOOD is happiness.

Antakarana

"Now, then in this Way of the Antakarana, So many things can be said," this Tree Man is saying. And unto this, these Powers, they are here and acknowledging this circle and the many which these circles and the centre pole 'round which these circle dance.

Unci Iktomi

Stop frettin', " she said. "You know what worry is and it's asking' again for what you don't want again."

Take responsibility for your SIGHT and look past what you're weavin' in your LIFE because that's the TRUE COLORS of who you are.

Now sometimes we like to be blind and have that blind spot. But that ain't so because you can see through there so don't fool yourself that you can't.

Now, understand, that in this blind spot Humanity has created a BIG UGLY MONSTER that's gonna devour itself and the part that's devoured is the disease that will inhabit the bodies of the People. And so, if you got a wickedness in you that wickedness will bring you disease.

So look through your blindness and see what you're doin' by acknowledgin' it. Then the Light will come and you'll be okay."

12 Cords of Life (within reflective core)

Long time ago there were Twelve. These Twelve were Twelve Brothers and with their Twelve Sisters. And this is that Council of Twenty-Four that sits in the Suns where there are Planets with Peoples. These Twelve help bring about an understanding - one way that Time moves. A simplified way so that we can understand how things work. And as such, in a greater sense, the Twelve things work. And as such, in a greater sense, the Twelve Hierarchs, Man and woman each, guide the Cosmic Clock of Karma and of lives.

Now, there was one that came to stand in the Center. And this one walked through each of the Twelve gathering a strand of Light weaving them together a single cord. In this cord bringing a Bright Light bringing a melding of that which is separated into that which is whole.

And this fusion is that LOVE that has been known as a strugglin' journey up that mountain carryin' that cross or through the pains of non-violence.

And also through the Happiness of the Child. And through providing for your Children.

Now, these Twelve, by the Power of the Grace that has been opened, shall be ruled by the Thirteenth. This Thirteenth is a whole Kingdom that is being created by the Love of God.

In mysterious ways emerging, everything evil sucked out to single point of annihilation that will bring about in Timelessness, a Flash of Light killing beyond the Universes of this New Kingdom and filtering down like sprinting confetti multi-coloured Lights greater than the Seven.

Let go of conceptions of how it is and go to the feeling where you KNOW how it is. within the Truth you will find Him.

Within the Truth she will be found. The resting place of LOVE is there.

The Great Mother is beyond the destructions of Man. Less than the tip of Pinprick to an Elephant (should he even feel such a slight annoyance) would even his casual movements of swaying to the side to rest in deeper waters cause the crushing of such an annoyance. Such it is to the Great Mother concern of our pride.

Now, Her Daughters through the Universe and also Her Sons, She takes great care of.

13th Emerging Dimension Yin: Buddha's Presence

Pay, heed, O, Man of war lest your own Light and Life expire. Prepare ye, O Child of Light, Your happiness will unfold your Dreams.

The Great Mother loves her Children. These are they that dwell within their own soul a bright and cheerful Light a dreaming, a freedom.

How is it then that so many have been sucked into a world of illusion that they sacrificed the Child they are before the altar of the day? How is it that the Peoples have become so ignorant and mad? And what is to be done? What is to be done? Radical Realignment.

The forces across the Universe are already creating the Answer. A New Place where in it has been promised though shall dwell. And that being a place that is within all these other places that fore long have already been.

TEND TO YOUR SOUL. PLAY WITH THE EARTH. She is the Elements your Body needs.

PLAY IN THE WATERS. The Heart can find help there.

PLAY IN THE FIRES. The Mind can find a cleansing.

PLAY IN THE AIR. Your Spirit will become known to you.

The Great Mother she cares for the Children...every single one. And She recognizes all Her Children by the Light of Soul shining in them, through them and around them.

Bringing blessings to this little world.

SPIRITUAL WAY OF INTEGRITY - MERKABA

Merkaba Symbol

The energies of this MERKABA along with these Universal and Spiritual Laws of the Sacred Tree are all passing beyond being a seed into the Earth. They are growing as Plants that have been cultivated already and being placed within the Heart of the Earth to bring about these changes.

This one Gabriel, H'can Wakan Wicasa, is here and many. They ask for many songs so that they may come in. And they are bringing their presence here. And this Merkaba is spinning and it is moving through.

Now this Spiritual Way of Integrity. This one Kuthumi has come with the Animal Nations. Metatron is sending in the Information. And this one, this Man Who Stands, clothed in some of the Stars, his name is 'Merkaba', which also means 'Light Traveler'.

That in this symbol, when coupled with its sister symbol, the ANTAKARANA, creates the Ascension Vehicle - a Crystal, a Tetrahedron, a Star, a Light, a Feeling that has to do with commitments being fulfilled and an innocent, full acceptance of life.

At this time then, these Relatives that are here gathered invite messages.

Painted Ponies

Kuthumi and Animal Nations

Now, this one Kuthumi, who is coming with the Animals, is showing the parallel between Integrity and Joy.

The Joy is the fine and silvery and golden surface of the Lake of Integrity that when we as human beings find our purpose, and are set about in it, the surface of our Aura glimmers with this JOY.

That the fineness of what we call 'Integrity', the refinement of it is Happiness. That these two, though sometimes perceived as separate, are really much the same. That an understanding of self that develops through self-WISDOM into an INTEGRITY is also coupled with HEALTH and HAPPINESS.

In the Inner Soul, we must understand that we've been on many paths before, each with its own specific purpose - purposes which often are now leading into a completion, just as if going out and collecting the parts to a puzzle to bring them to one spot. Now all the pieces are before you. Find where they fit one with another. As such, you'll find that your Body and your Heart and, as such, the Mind as a servant of these, and all of these, as the vessel of your Spirit create this consummation of your True Self. So that which became separated now may become whole.

Your Spirit, as you came long time ago - Great and Grand - moved into the ethers of the Earth dimensions, forming a Body, forming a Heart, forming a Mind, and yet, all a reflection of your Spirit.

As such, because of the separations and the lessons that were going on at the time, we learned and experienced as Body, we learned and experienced as Heart, we learned and experienced as Mind, and developed the neural passageways and the inner passageways that connected these three.

Now, only through these ages have we come to a point where there can be a True Unification of body, Heart, Mind in your Spirit.

And so now, O Human Beings, through this ways of the Merkaba, you may truly open your Lights within and rise to yourself. Now, as to this, the Animals are your Teachers and there are Twelve of them. In the centre is the Hand of God with the Eye that sees. The Animal Nations are Keepers of the Sacred Flame that is necessary for the Human Initiation that's called Evolution.

These evolutions happen, as has been said, in Twelve of the Twelves. That is, that as you walk the astronomical wheel, the Wheel of Human Personality and Perception with its Twelve Hierarchs, with these Twelve Animal Chiefs - So it is that each chief has his/her Tribe of Twelve Animals that support them. As such, there is this arrangement, that even the Heavenlies and the Masters follow, for it is the maturity of the Adam Quadmon of Man. As such, learn the gifts of the Animal Nations for only can they mere in you by the gifting of the Sacred Herb, the Tobacco, unto their Nations.

As such, Receive in your Dream and in your aspiration, and in your inspiration in your practical experience, the gift of these Animal Nations. Protect then your Brothers and Sisters. For, they are part of your salvation. It is the KEY of the merging of the Third and the Fourth and the Fifth Worlds. It is the SPARK of the Hummingbird. It is the LIGHTNING FLASH. It is the CLARITY of the Eagle. It is the LAUGHTER of the Jaguar, the Puma, the Lynx.

And so then understand that these Cords of Light that are entering, are bringing a Gift to everyone here and unto ALL around the World that the BIG SWITCHES ARE NOW TURNED ON!

Metatron

Metatron is sending waves of Light, cords of information from the Centre and Heart of the Galaxies, the Galaxy and the Galaxies.

And these Tones, these Rays of Light, Golden Tubes of Cosmic Strings moving through, are turning on the Light switches within the Relatives and the Two-Legged and also returning Health to the Spirit Nations.

It is this Age of Coyote and Mouse - the time to know and in knowing eventually do.

It is time to awaken, to put aside the ignorance. And Ignorance is the lack of Illumination, the lack of Awareness in the situation.

It is time to KNOW. Inn KNOWING, to BE, in BEING, to DO. In DOING, to come to PEACE.

Merkaba

The Great Wheel of the Twelve Powers of the Universe that have to do with that which is within Man, that which is within Woman and Child, are governed in the Center by the Merkaba.

Underlying is the Antakarana, and as such there is a Comic Dance of the Spirit and the Mystery that which is of Great Light, that which his of Great Darkness, and the two sides the Doughnut shape, the Doughnut Hole, the Cosmic Ring.

That just as the Fairy Ring and the Puff of Smoke rises and just as the Children dance the Maypole in both directions, does the energy of the Universe move as Light in a a ring then opens centre point like a coin facing the Light and like it's flip side facing the Dark

And so, it truly is the Dark is Light and Light is Dark, when the inner impetus is known as the spark of Yoyo.

Lillium Regis by Francis Thompson

O Lily of the King! low lies thy silver wing,
And long has been the hour of thine unqueening;
And thy scent of Paradise on the night-wind spills its sighs,
Nor any take the secrets of its meaning.

O Lily of the King! I speak a heavy thing,
O patience, most sorrowful of daughters!
Lo, the hour is at hand for the troubling of the land,
And red shall be the breaking of the waters.

Sit fast upon thy stalk when the blast shall with thee talk,
With the mercies of the king for thine awning;
And the just understand that thine hour is at hand,
Thine hour at hand with power in the dawning.
When the nations lie in blood, and their kings a broken brood,
Look up, O most sorrowful of daughters!
Lift up thy head and hark what sounds are in the dark,
For His feet are coming to thee on the waters!

O Lily of the King! I shall not see, that sing,
I shall not see the hour of thy queening!
But my song shall see, and wake, like a flower that dawn-winds shake,
And sigh with joy the odors of its meaning.
O Lily of the King, remember then the thing
That this dead mouth sang; and thy daughters,
As they dance before His way, sing there on the Day,
What I sang when Night was on the waters!
